

*One week preaching tour in Liguria-Italy  
2012 spring*

*Report by Anukrishna devi dasi*

Dear Sríla Acharyadev,  
Please accept these pictures and service at your holy lotus feet.

A nice group of devotees headed by Krishna Kanta devi dasi and Munindra Mohan prabhu from Villa Govinda went to Liguria (220 km from Villa Govinda Ashram Milan) for an 8 days sankirttan preaching program. By divine arrangement the first day of Nagar Sankirttan happened to be on Aksaya-tritiya (tuesday 24 April), the good day to start something! So this day marked the beginning of a new chapter of preaching activities and sankirttan inspired by your divine association and under your guidance, with the hope that this will please you as well as our beloved Master Srila Gurudev and all the Guru varga. The devotees went for Nagar Sankirttan in all the important cities and villages of the Ligurian coast near to our community of devotees that live there. (Alassio, Finale Ligure, Diano Marina and many more).

Sri Giriraj Bala Gopaljiu came along with the devotees party and every day after offering mongol arati and after the morning program we select a city to do sankirttan and preaching, and in the afternoon we went to another city. In the late afternoon all the devotees could join the evening arati of Srí Giriraj Bala-Gopaljiu, and the evening kirttans and class.

Meanwhile other devotees took care of the Ashram in Milan and manage the sunday feast program there.
