

All Glories to Sri Guru and Sri Gauranga!

Jaya Srila Bhakti Sundar Govinda Dev-Goswami Maharaj!

My dear God-brothers and God-sisters,

Please accept my sincere dandavat pranams.

Our Srila Gurudev's Sri Vyasa Puja Celebration falls on December 25 this year! My production team is trying to have His annual birthday present—book of written offerings from hundreds of his worldwide devotees—ready on time. That means we need your **submissions no later than November 26.**

In the past, we've endeavored to make 2 different books to accommodate those who sent late offerings. Unfortunately, we no longer have the capacity to do that. Please try to make this deadline so Srila Gurudev can read your special birthday message to him in **one large book.**

Here's a quick a checklist to run through before you email your offering to vpofferings2007@gmail.com:

1. Please send before Nov. 26. Mark your calendars now!
2. Write your offering letter in the body of an email (word processor attachments often create technical problems)
3. Include your home country next to your name
4. Include a photo of yourself, no larger than 100K, in JPEG format

Thank you so much for contributing to this international effort!
I cannot express how amazing it is to see **Srila Gurudev's glowing smile** everytime he receives his birthday book of offerings, full of affection from his devotees.

In your service,
